

## BIBLE/LANGUAGE ARTS: 3RD - 5TH GRADE

Summer Studies help keep our student's minds active and ready to return to school on **July 30, 2020**. Please read carefully as to what concepts your child needs to practice or master and what assignments are due when school begins. Writing assignments are **due Tuesday, August 4th** and will count towards first quarter grades.

### 3<sup>rd</sup> GRADE

The expectations for reading comprehension and writing skills for 3rd Grade are at a new level. Reading books chosen should be appropriate in age level and nature. Books representing violence, witchcraft, sorcery (i.e. Harry Potter), sexual content, etc. will not be accepted for book lists or reports.

Read a chapter book (60+ pages). Use lined paper to write a two paragraph report. **First paragraph:** Includes book title, story setting, main characters and if you think they pleased or displeased God and why (based on the Bible).

**Second paragraph:** A summary of 6-10 complete sentences describing what happened in the beginning, middle and end of the story. Attach a drawing of your favorite part of the story. Be ready to present report in class.

### 4<sup>th</sup> GRADE

### 5<sup>th</sup> GRADE

The Bible is the greatest piece of literary work, and best of all it is the Living Word of God. Everything you need to know about education, life and salvation can be found in the Bible. In addition to the assigned reading, students may use commentaries or other resources to gain better insights as needed. We hope you develop a deeper appreciation for the gift of God's Word. Report is due **Tuesday, August 4th** and counts for both a Language Arts and Bible grade. Use your own words, avoid copying the verses exactly from the Bible. Each paragraph should have at least five (5) sentences. List the verse reference for each paragraph on another sheet of paper. **Example: Paragraph 1 - (1:1, 3:8), Paragraph 2 - (4:17, 4:21, 5:2)**

#### READ: Book of Joshua (4th Grade)

**1)** Make a list of 5 words that were new to you (with chapter & verse where the word was used.) Look up and record definition that applies to the verse being read. Use lined notebook paper.

**Example: Meditate (1:8) Think deeply or carefully about.**

**2)** Write a three (3) paragraph report on Joshua on lined paper.

**First paragraph:** Explain who Joshua is & problems he faced.

**Second paragraph:** Write how he reacted to what he did to solve his problem and how God gets involved.

**Third paragraph:** Write what you liked most about Joshua and how you can face a problem you might have like Joshua did.

#### READ: Book of Proverbs (5th Grade)

**1)** Make a list of 10 words that were new to you (with chapter & verse where the word was used.) Look up and record definition that applies to the verse being read. Use lined notebook paper.

**Example: Perceive (1:2) come to realize or understand.**

**2)** Use lined paper to write three (3) paragraphs on Proverbs.

**First paragraph:** Explain what Proverbs 3: 5-8 means to you and how you can apply these verses in your own life.

**Second paragraph:** Describe what "fear of the Lord" means and how you benefit from it. **Third paragraph:** Describe a "fool" and what you can do instead to be "wise."

#### **ALL STUDENTS WILL BE EXPECTED TO KNOW AND FOLLOW SAFE AND HEALTHY DAILY HABITS ENCOURAGE AND PRACTICE HEALTHY HABITS AND HOME THAT WILL TRANSITION INTO THE SCHOOL SETTING**

Practice putting on and wearing face mask. Practice wiping and blowing nose into tissues, coughing/sneezing into tissue, shirt or elbow. Practice frequent and proper hand washing. See CDC publication "Handwashing: Keeping Your Family Healthy" under Summer Studies.

## MATH CONCEPTS: 3RD - 5TH GRADE

Students in 3rd - 5th Grade will be assessed within the first weeks of school on mastery of items listed according to their grade level as well as Khan Academy assignments due by **Tuesday, August 4th**.

**Instructions for Signing into Khan Academy** (*you must create an account and join the class before lessons can be assigned*):

1. Go to [khanacademy.org](https://www.khanacademy.org)
2. Sign in by continuing with Google. Use your school issued email. [example@phcaschools.org](mailto:example@phcaschools.org)
3. Enter grade and math course.
4. Click on username in the top right corner. Then click on Learner Home>Teachers>Join a Class.
5. If you don't already have an account, press "Create a new account". Enter your date of birth, then sign up by using your school email. New students MUST use the @phcaschools.org email that will be issued.

3rd Grade Khan Academy Code: YQ5BDRP2  
Class link: <https://www.khanacademy.org/join/YQ5BDRP2>

- Students should be able recognize, count and write numbers to 10,000+.
- Master **Adding/Subtracting Families 1-18**
- Know up to four-digit: Addition with carrying and Subtracting with borrowing
- Know coin/bill values and **how to count money**.
- **Memorize multiplication/division tables** to five, and be able answer within 5 seconds.
- Study **1st - 3rd Add/Subtract Families** sheet and **3rd Grade Multiplication Table 0-5** sheet which is available to download on the PHCA website under Student Forms > Summer Studies.

4th Grade Khan Academy Code: WYUTZBPK  
Class link: <https://www.khanacademy.org/join/WYUTZBPK>

5th Grade Khan Academy Code: DEZ53566  
Class Link: <https://www.khanacademy.org/join/DEZ53566>

- Master fundamental operations of addition and subtraction, able to answer multiplication tables up to 12's in 5 seconds
- Know place value to thousands
- Know 2- and 3-digit multiplication with checking division problems with 2-digit divisor.
- Adding and Subtracting fractions with same denominators.
- Be familiar with English and metric measures.
- Mastery of items listed under 4th Grade Math.
- Know place values to the millions.
- Express remainders in division as fractions.
- Fractions: Add and Subtract uncommon denominators, subtract with borrowing, convert improper fractions.
- Know how to add and subtract decimals.
- Be familiar with converting fractions to decimals.

**ALL STUDENTS WILL BE EXPECTED TO KNOW AND FOLLOW SAFE AND HEALTHY DAILY HABITS  
ENCOURAGE AND PRACTICE HEALTHY HABITS AND HOME THAT WILL TRANSITION INTO THE SCHOOL SETTING**

Practice putting on and wearing face mask. Practice wiping and blowing nose into tissues, coughing/sneezing into tissue, shirt or elbow. Practice frequent and proper hand washing. See CDC publication "Handwashing: Keeping Your Family Healthy" under Summer Studies.
