

PEARL HARBOR CHRISTIAN ACADEMY

iPad Usage Rules and Policies Effective July 2020 (3rd-5th Grade)

Pearl Harbor Christian Academy (PHCA) only authorizes the use of its iPads in a manner consistent with established instructional, research, and administrative objectives of the school. Students are still subject to all handbook policies, Internet use policies, as well as the following iPad Usage Rules and Policies (iURP).

OWNERSHIP

iPads issued through PHCA are the property of PHCA. Students have no ownership, interest, or right to title in the iPads. Students who use a school-issued iPad for three consecutive years* will have the option to own the iPad (as is) with the case (as is) at the end of three years. There is a buyout/transfer fee and ownership transfers to the student for home use only. **Students graduating or leaving prior to having the iPad for “three years” will be given a purchase option at a higher buyout rate.*

GENERAL PRECAUTIONS

- Students must always handle all iPads with care – this includes the iPad issued to them, as well as iPads issued to other students. Damage caused by intentional, reckless or careless actions will not be covered by insurance and students charged accordingly.
- Open lid drinks or liquids are not allowed next to your iPad while it is in use on school property or any school related events. The same care is recommended at home.
- Take special care to protect your iPad from moisture and liquids. Do not use in the rain or near water activities, as this will not be considered “accidental” if damaged.
- iPad cables must be inserted/removed carefully. Cables must be wound carefully and stored in a way where they are not smashed, kinked or exposed to liquids.
- iPads must never be left in a car for prolonged times or unsupervised areas - not only to protect against theft, but damage from freezing or extreme heat.

Transporting/Carrying iPads:

- iPads should always be kept securely in the protective case that was provided with the iPad. The case will only provide basic protection from scuffing and scratching.
- The iPad should be closed in the protective case when carried or stored.
- When closed, the iPad case should “sleep” the iPad. However, the iPad should be shut down when not in use for prolonged periods of time in to conserve battery life.

Screen Care: The iPad screen can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on top of the iPad.
- Do not place anything near the iPad that could put pressure or fall on the screen.
- Do not place anything in the carrying case that will press against the screen.
- Only use stylus pen made specifically for iPad use and do not use any other objects to interact with the touch screen. Make sure your stylus tip is not damaged or dirty.
- For Screen Care go to: <http://support.apple.com/en-us/ht3226>
- Do NOT use window cleaner, household cleaners, compressed air, aerosol sprays, solvents, ammonia, abrasives, or cleaners containing hydrogen peroxide to clean iPad.

DAILY ACCEPTABLE USE AND RESPONSIBILITIES:

- A. Students are still subject to all handbook and Internet use policies. The word “iPad” should also be inserted along with the word “computer” whenever “computer” is stated in any handbook or Internet use policy. However, any rule or policy stated differently in this iURP for the iPad will supersede what is in the current handbook or Internet use policy.
- B. Students are responsible for the care and security of the iPad assigned to them. The intended/authorized user is the student that was issued the iPad. Parents/guardians may assist with instruction; however student should always be the end user.
- C. Students are responsible for keeping their iPad battery charged and it must be available for use at school every day for the full school day.
- D. Our Mobile Device Management (MDM) system is designed so that appointed staff can add programs to the iPad. Students should not attempt to override, hack, etc. the system to install any applications onto the iPad that are not authorized by PHCA.
- E. Apple ID’s for PHCA iPads are determined, issued & owned by PHCA and should only be used for PHCA devices to allow PHCA to monitor/manage these device as needed.
- F. Parents should know their student’s passwords (Apple ID & iPad) and passwords should be kept confidential from other persons and classmates.
- G. Students may not reset their iPads. Students must not intentionally modify network configuration files, MDM software or otherwise interfere with the functioning of the PHCA iPads. **Apple ID’s issued may not be changed. There will be a “reset” fee charged if your Apple ID is changed.**
- H. Students must not modify, upgrade, or attempt to repair iPads issued by the school. This will void insurance & student will be charged for full purchase price of the iPad.
- I. Any damage, defects or reduced functioning must be reported ***immediately***.
- J. There will be a fee for lost or damaged adaptors, cables, and cases.
- K. iPads or apps must not be used in any manner other than that for which intended.
- L. Students must be in the app or program directed by instructor while in class.
- M. Communication features, such as but not limited to iMessage, Facetime, etc. should not be used during school or in Before/After Care unless directed to by staff.
- N. Students should not download or access any Social Media during school and Before/After Care Hours, while on campus during school events or at any school related activity unless specifically directed to do so by staff.
- O. iPads will be treated in a similar manner as other school-owned educational tools such as textbooks. Therefore all PHCA policies, rules, handbooks, contracts, and directives, including disciplinary measures, apply to the use of iPads.
- P. Decorations, stickers, drawings, etc. on the iPad or the case is NOT allowed.
- Q. Students are responsible for all material sent to and/or stored on their school-issued iPad. Students accept responsibility for keeping their iPads from all inappropriate material, inappropriate files, or files dangerous to the integrity of PHCA’s network, equipment, software or reputation of the school.

Damaged iPads

- A. If an iPad is damaged to the point that it is non-functional or operates with reduced function, the student should notify the PHCA by the next school day.
- B. If the damage is the result of an accident to the iPad while it is being used in normal operating conditions, the student is responsible for an **insurance deductible of \$160.00** for 1st and 2nd occurrence, which will be automatically billed to the student's account.
- C. Thereafter, the charge will be \$500.00, regardless if damage is accidental or intentional.
- D. If it is determined that the damage was the result of the following events, the student will be responsible for full replacement value of the tablet.
 - a. Abuse, misuse or negligence (i.e. iPad is placed in an unsafe location or position)
