## Application Instructions & Information for School Year 2019-2020 (PK& JrK)

We welcome your child as a possible candidate for our preschool. The Application for Admission and all items listed in Sections A & B below must be received one day prior to the assessment date you select on our Individual and Group Assessment form. All other supporting documents listed below should be received by **February 11, 2019** for priority in first round considerations. Any supporting documentation received late or applications received after the initial entrance exams will be considered as long as vacancies exist. The teacher-student ratio is 1:12 (PreK-3yrs) and 1:16 (Jr.K-4yrs). Class size can increase to thirteen and eighteen with a teacher's aide; however we may limit the class size ratio to a lower number as needed. Please read through our brochure and the complete application packet for more information.

Students are selected for admission based upon our group and individual assessment of their readiness/ability to interact in group settings, age appropriate communication/language skills, previous conduct records and references from prior teachers and/or directors. **Applicants must be completely toilet-trained and able to use the bathroom independently at time of testing.** Due to our small class size, not all who qualify can be accepted. Individuals who show the greatest potential for success will be admitted.
